October 2016

SOLIHULL SMILES

Hello from Dr Sacranie...

As the principal dentist of Solihull Dental Centre & Implant Clinic, I am delighted to be celebrating 10 years of being able to provide dental care in the heart of Solihull.

I am grateful to all our patients who have supported us during this past decade and hope, like me, you are proud of how the practice has grown and developed.

It has been, and continues to be of utmost importance to me to have regular patient feedback so that we can continue to offer the best of care and respond to your needs.

An example of this has been the newly refurbished upper floor waiting room as many patients had requested a more comfortable first floor seating area.

The last 10 years has seen our dental team develop and grow to what I believe is an exemplary group of professionals who are fully dedicated to our patients and providing the best dental care possible.

There is significant work that goes on behind the scenes that as a patient you may not be aware of, but we work tirelessly to maintain **our British Dental Association Good Practice Award, which we have just received for a 6th consecutive year.**

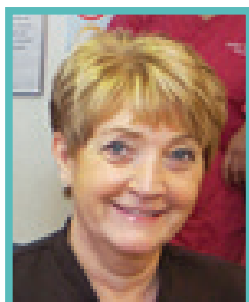

We have also introduced a new governance system within the practice called **iComply**, which will undoubtedly keep Denise and her team busy updating and continuously improving all policies and procedures at the practice.

I strongly believe we have one of the best dental practices in Solihull, and I'm excited to see what the next 10 years have in store for us all!

Best wishes

Zubair Sacranie

Practice News

This year is a special one for the Solihull Dental Centre since this November we celebrate our 10 year anniversary.

Although the practice historically dates back to the early 1950s and has had

different generations of dentists and staff, this will be our 10th anniversary under Dr Sacranie.

In the past 10 years the practice has undergone a significant transformation from a 2 surgery practice to a 5 surgery practice with 2 decontamination rooms and 2 comfortable waiting rooms.

To celebrate our 10 year anniversary we will have many offers and discounts over the next 6 months from Dental Implants to Teeth Whitening and Facial Aesthetics. Please do take advantage of these and ask at reception, call us or check our website for more information, and to download discount vouchers.

Our facial aesthetics evenings have become increasingly popular, so please don't forget to secure your appointment as there are limited places at these.

We would like to welcome some of our new members of the Solihull Dental Centre team. Inderdip Atthi is our new dental hygienist and our 2 trainee dental nurses are Megan Mills and Sumun Yaseen.

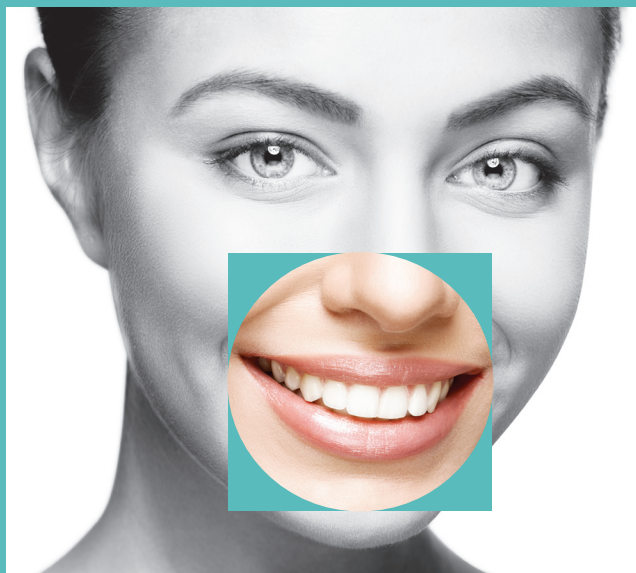

We would also like to wish Dr Sidhu a fond farewell and best of luck as he will be leaving us after 6 years.

Finally, all of us at the practice send our warmest congratulations to Dr Bhanji who got married in April this year.

Wishing you all the best for the remainder of 2016!

Denise Kemp

Practice Manager

KIDS CORNER

It's all about 10
Q. Why is the number 10 afraid of seven?
A. Because seven ate nine, and 10 is next!

Did you Know?

Human children need around 10 hours of sleep a night (giraffes need 2 and koalas need 22!)

10 percent of people in the world are left-handed

Help the little hungry caterpillar get to the yummy green breakfast
